

# THE UNIVERSITY OF CHICAGO PARTNER

## Professional Systems Inc.

“As a new business partner with the University of Chicago, we strive to exceed the expectations of our clients. We have found our partners to be incredibly accessible, responsive and committed to excellence just as we are at Professional Systems. Using a collaborative approach, the U of C Management worked with us to determine how our specific services can best meet a given need. We look forward to a long relationship between Professional Systems, Inc. and the University in the technology services area.”

**Bill Burton, President & CEO**
